On October 1st, students requesting to extend their parking permit for the following semester can add themselves to the wait list for the lot they qualify for (see lot criteria information) through the “My Slice” parking services link “add/edit wait list”. Students will be contacted as spaces become available based on their status on the waiting list. ***It is highly recommended that all students applying for parking permits in the fall semester purchase academic year permits***, as this will guarantee them a space for the following semester. If the academic permit is not used, it may be returned to the Parking Office for a refund of the unused portion. However, permits returned within 14 days or less from the permit expiration date will not be eligible for a refund.
- vii. Students may purchase a permit to park and ride from the Manley Field House and Skytop parking lots to Main Campus for a reduced fee. (All parking fees include applicable New York State and local sales taxes). Free shuttle service is provided between Skytop, Manley, and Main Campus.

Syracuse University Parking Rules & Regulations

Parking and Transit Services
Syracuse University
621 Skytop Road, Suite 190
Syracuse, New York 13244-5300
parkmail@syr.edu

ii. First-year resident student waivers will only be issued for the following reasons:

1. The student has a disability as defined by federal and state law, requiring the use of a motor vehicle.
2. The student is locally employed off campus and a motor vehicle is required for transportation to and from work, or is required for the performance of the student's duties while at work. This must be certified in writing by the employer on company letterhead, and must be accompanied with a recent paycheck stub.

3. Motor Vehicle Parking Permits

a. General

Parking permits shall be serially numbered and lettered corresponding to the designated parking area in which they are valid. Purchase and display of a parking permit is not a guarantee of a specific parking space at any particular time. For additional information, select the appropriate paragraph for your permit type and read the "Hours of Regulations" in part 4.

b. Faculty/Staff Parking Permits

All faculty and staff "home lot" parking permits are allocated on the basis of rank and years of services to the University. The fact that an individual qualifies for a space in a certain lot during a given year does not guarantee that individual a space in that lot the following year (other individuals may have preference due to rank and seniority). Faculty/staff permits are valid at the South Campus, Manley Field House, and Skytop lots. Faculty/staff with current valid parking permits will be able to place themselves on a wait list for additional lots in which they qualify to park (see lot criteria information). This can be done through the "My Slice" parking services link "add/edit wait list". They will be contacted by e-mail when a space becomes available. **Please note that this feature is only available to faculty and staff members who are current permit holders.**

Faculty/Staff main campus permits are valid in any PER lot. Faculty/Staff PER permits are valid in any West Campus lots.

c. GA/TA/RA Permits

Discounted permit rates are applied only for academic -year or full -year permit purchases and offered to all graduate assistants, teaching assistants, and research assistants. Please make sure a permit is purchased online first to guarantee a spot for both semesters as space sells quickly! A complete copy of the assistantship contract, including the signed signature page, must then be provided to the Office of Parking & Transit Services. Please note that permits purchased will be at the full price rate . A discount to those qualified, will be given after review of the contracts. Only qualifying contracts will receive the discount for academic or full year assistantship contracts. (Permits pre -purchased and charged to the Bursar account , or to be Payroll Deducted can be easily adjusted if a discount is to be applied. Permits pre -purchased by credit card payment, will be adjusted after contacting the student for their credit card information if discount is to be applied.) If contracts are given by semester only, then both the fall and spring contracts would need to be provided to Parking & Transit Services in order to then receive an academic

Syracuse University Parking Rules & Regulations

assistantship discount. If in addition, an assistantship contract for the summer is also received, a discount will be applied to equal the full year discount after review of the summer contract. Discounts will not be applied to those pending or expecting an assistantship. Permits purchased for Manley, Skytop, South Campus, or Evening Orange do not qualify for the discount.

d. Student Parking Permits

Assignments to student surface lots and garages will be made with preference given to graduate and upper class students. Every effort will be made to give students residing in University housing the "home lots" they request, in accordance with proximity to their residences.

Students can add themselves to the wait list for lots they qualify for (see lot criteria information) through the "My Slice" parking services link "add/edit wait list". They will be contacted by e-mail when a space becomes available.

Students do not qualify for parking privileges in other lots during restricted hours (Monday-Friday, 7 a.m. - 4:30 p.m.)(See section 4 Hours of Operation).
